

FRESH START GPA APPLICATION

Courses and grades earned more than five years ago may be waived from being part of a student’s GPA for MCC purposes only. The grade point average is recalculated and posted on the student’s record with the notation “Fresh Start.”

CONDITIONS:

- Grades affected must have been awarded at least five years before the present semester or session.
- This policy cannot be applied selectively. All grades, favorable or unfavorable, received prior to and including the Fresh Start cutoff date decided upon by the student, will be excluded from computation of grade requirements for program entry, graduation and probation. Please note, however, that the Financial Aid Office *does not* recognize Fresh Start in its GPA calculation toward satisfactory academic progress.
- The student should understand that although grades affected are excluded from grade point calculations, they are not removed from the student’s record. They remain as part of the official transcript.
- It should also be understood that “Fresh Start” is a Mott Community College policy and will not affect the considerations of transfer institutions.
