Happy Spring!

Have you thought about which four-year university to attend after your Mott graduation? Did you know that Mott has a University Center right here on campus?

Mark your calendar for a Transfer & Financial Aid Fair in the Mott Event Center on Wednesday, April 12th from 1:00 p.m. to 4:00 p.m. The University Center Partners and Mott Financial Aid representatives will be available to answer questions about admission requirements and processes, the University Center services and benefits, financial aid and more. All are welcome! Light refreshments will be served.

Bellevue University

Mott Community College and Bellevue University will be celebrating its one year anniversary this April and with that, earning your bachelor's degree without leaving your home just got easier thanks this new partnership! To maximize student success, Bellevue University has provided a relationship manager on site at Mott's main campus who will work directly with students regarding enrollment, transferring of credits or other questions.

MCC students will be able to transfer all of their credits, including their entire associate's degree. Credits earned in an associate's degree fulfill Bellevue University's general education requirements, which is why students are encouraged to complete their associate's degrees before transferring to Bellevue's bachelor's degree completion program. Credit hours from CLEP, DSST, military experience and corporate certifications may also be considered during the transfer process. Ask about our \$1500.00 spring transfer grant for Mott Community College graduates!

Bellevue offers more than 50 bachelor's degrees in rapid growth professional areas including: Business, Management, and Leadership, Science and Information Technology, Healthcare, Nursing, and Human Services, and Public Service, Safety, Security & Intelligence.

March was officially recognized as Social Work month in 1984. Each year the National Association of Social Workers (NASW) has selected a social issue to promote or themes which promoted the profession. This year the theme is "Social Workers Stand Up". Per the NASW website (socialworkers.org), "Social workers stand up for millions of people every day. These include people who are experiencing devastating illnesses and mental health crisis, our veterans, and children.

The Flint Masters of Social Work program offers a two-year (full time) or three-year (part time) option. All classes are held 6:00pm to 8:50pm with students coming 1-3 evenings a week for the full time and 1-2 evenings for the part time option. If you have a desire to "stand up" for people in your community, consider a social work career. The application period is August to January each year and those admitted would begin in the fall semester.
